Particular People.

Our customers are particular people, and we are glad of it, for we are a little particular ourselves. People who are particular about the goods they buy, who insist upon perfection as to durability, goods to be as represented, best materials and quality, are people who know what they ought to pay for goods and who refuse to pay exorbitant prices.

As we have said we are particular ourselves. Particular in selecting our goods, and we do our own selecting, from the best concerns in the country; insist upon the very highest grade of goods, and as we pay the plank down cash for every dollar's worth of goods purchased we get them at the lowest notch, and that is the secret of how we can sell first class stock at a price which most dealers ask for second class and inferior goods.

We are especially particular in the selection of our stock of drugs and medicines. They must always be up to the standard, pure and fresh. We pride ourselves in this department, and truthfully believe that we have drugs and medicines for all the aches and pains known to the human race, and to the animal kingdom as well. We keep none but what we can recommend, and it is always wise to keep an assortment of goods, true and tried remedies on hand, so that they may be near when wanted, for it is a fact that many lives are saved, and diseases prevented, by having the right medicine at the right time, and in time.

And while we are especially particular with our stock of drugs and medicines, we are equally particular in the selection of our paints, oils and brushes. We are the oldest house in the county dealing in these goods, and we have this class of goods down pat. We keep no inferior paints or oils, and it is for that reason wherever you see paint spread that comes from our store it is always found to wear well and is first class in all particulars.

Our wall paper and window shade dept has a well established reputation, and we are as particular of this department as we are of any other in our mammoth store. Styles and patterns have never been more pretty than they are now, and as to prices you can paper your entire home for little or no money. The cheapness of our paper will surprise you, as well as our designs will delight. Come in and look over the stock whether you wish to purchase or not.

We still handle anything and everything in the book and stationery line, and keep this department up as well as can be found in any first class exclusive book and stationery store. Respectfully,
SAUR & BALSLEY.

Fifth District Democrats

Hold a Large and Enthusiastic Convention.

SILVER THE PREVAILING SENTIMENT.

Judge Meekison Nominated on the Tenth Ballot.

The Nomination Made Unanimous.

Pursuant to notice the Democrats of the 5th Congressional District met in Convention at Napoleon on the 29th of June. The convention was called to order at 11 o'clock a. m., by M. Donnelly, chairman of the district central committee, who announced H. G. Richie, of Van Wert, as temporary chairman and L. L. Orwig, of Henry, as temporary secretary. Judge Donnelly prefaced the announcement of the temporary organization with brief remarks, welcoming the delegates to Napoleon, giving them the freedom of the city, and extending an invitation to the delegates and their friends to a boat ride on the river free of charge, any time during the day or evening. The Judge's remarks were received with applause.

Mr. Richie on taking the chair thanked the committee for the honor conferred and remarked that he was proud to preside, even temporarily, over the deliberations of this, a Democratic convention. Mr. Richie was vigorously applauded during his remarks, especially so when he made reference to some of the leading Democrats in the district, and his reference to the white metal.

Chairman Richie announced the first business of the convention to be the announcement of the sufferer committee. The committees were made up as follows:

On motion the convention took a recess until one o'clock p. m.

AFTERNOON SESSION.
Convention called to order promptly at one o'clock, and the report of the committee on credentials called for. The report was as follows, which was accepted:

Your committee on credentials beg leave to submit the following report.
We find no contest in any county except in Washington township, Defiance County, between Wm. Lantz and Ulice Bull for delegate, and upon consideration find that Wm. Lantz is entitled to act as delegate from said township in place of Frank W. Pollock, regularly elected delegate who is not present.

The committee on permanent organization, etc., not being ready to report, the committee on resolutions reported as follows:
We, the Democrats of the 5th Congressional district of Ohio, in convention assembled, most heartily congratulate the country on the permanent blessing brought to its people, and to the posterity, by the act of the Democratic party in repealing the iniquitous McKinley tariff law, and putting at rest forever the issues between a protective tariff and one for revenue.

First, that we do reaffirm our allegiance to the principles of the party announced by Jefferson and Jackson.
Second, we are in favor of an honest dollar, worth neither more nor less than one hundred cents. We favor bi-metalism, and to that end we demand the free and unlimited coinage of both gold and silver at the ratio of 16 to 1, as redemption money with equal legal tender power, independent of the action or advice of any other nation on the face of the earth.

Third, we denounce the act of the Republican congress of 1873, demonetizing silver, as a crime against the common people of this country, perpetrated in the interest of, and at the dictation of the money kings of the day and other countries, and we endorse as true the declaration of John G. Carlisle when he said: "It is the most gigantic crime of this or any other age, and the consummation of such a scheme would entail more misery on the human race than all the wars, pestilences and famines that ever occurred in the history of the world."

Fourth, Entertaining these views as we do, we hereby instruct the delegates this day chosen to represent us in the Democratic National Convention to use their best efforts to procure the adoption by said National Convention, of a declaration favoring and demanding the free and unlimited coinage of both gold and silver, at the ratio of 16 to 1, without waiting the action of or consulting the wishes of any other nation on earth. And be it further

Resolved, That we will not support any candidate before this convention, for such delegate or alternate to said national convention, who is not known to be unequivocally in favor of the restoration of silver as herein defined, and who will not and does not, first, so announce and declare himself to this convention, nor will we support or cast our votes in this convention for any candidate for the nomination for member of congress in this district, who does not in the presence of the convention declare himself in full sympathy and accord with the principles and policy expressed in these resolutions, and who will not pledge himself to the people of the district, when elected, to exert his best efforts to secure legislation in harmony with the letter and spirit of these resolutions.

The committee on permanent organization, rules and order of business reported as follows:

Your Committee on Permanent Organization, Rules and Order of Business beg leave to report as follows:

That all candidates for Congress, the delegates and alternates, to the National Convention, and Elector, shall first be announced and presented by a nominating speech, not exceeding five minutes in duration, and each candidate so presented, as his name shall be called by the Secretary of this convention, shall personally appear before this convention and declare his position on the financial issues and pledge himself to support the platform adopted by this convention, and no votes shall be counted for any person as a candidate for Congress, Delegate, Alternate or Elector, who has not been first presented as above provided, and pledged himself to the support of the resolutions adopted by the convention.

There are two reasonable things which every body should have a good care of one's health; and if lost, regain it quickly and to this everybody will agree. And there are a great multitude of people who are agreed that for both purposes Simmons Liver Regulator is the best.

"I am troubled with torpid liver and nothing gives relief so quick like Simmons Liver Regulator"—R. R. Strange, Lake City, Wis.

Knew His Own Value.
Captain Donegan, a retired lake sailor, was noted for his good nature, an instance of which is given by The Times-Herald.

He once shipped an old fellow named Dougal merely to give him a place to eat and sleep. Dougal was not expected to go aloft or do any hard work, and he knew it. One day, when it was blowing pretty fresh, the captain, for a joke, called Dougal and told him to go up and furl the topgallant sail.

"I will na," said the old fellow, looking up in the captain's face in a surprised way.

Come, come, man, up with you! Don't you see the topgallant sail will blow away?"

"I will na," reiterated Dougal. "Ye can say that another topsail, captain, but my wife canna eat neither Dougal."

Shall Napoleon Have a Telephone Exchange?

Wauseon, a town of only 2,500 people, has an exchange with 80 phones and toll lines reaching every town in the county. Wauseon has the appearance of a young city while Napoleon is still traveling along in the old ruts.

A company has been organized and \$3,100 has been subscribed for the purpose of putting in an exchange at Napoleon, the estimated cost of which is \$8,000.

There is still \$2,900 of unsubscribed stock.

Two parties from Wauseon, Mr. Ed. L. Barber and J. S. Bralley, have each taken \$800 worth of stock in this enterprise—57 phones have already been taken. The company exact a list of 75 phones before they will put in an exchange. Will the people of Napoleon allow this opportunity to get a telephone exchange to go by default, when 18 more subscribers will make the required number? Wauseon started with 60 phones and now has 80.

The company is very prosperous—the stock advancing to 110 in 30 days. Several Wauseon parties stand ready to take stock in the Napoleon exchange, and that stock is guaranteed. This number should be subscribed at once, and Napoleon capital should own a majority of the stock. It will be a good investment and the exchange will be constructed in a first class manner.

Mr. J. P. Bralley will visit Napoleon the latter part of this week when the matter of constructing an exchange will be fully determined.

The contract for a toll line from Defiance, reaching Holgate, Napoleon, Liberty, Wauseon, Fayette, Moreau, La. S. Swanton, and Toledo has been let. In addition to this all the Southern and adjoining counties can be reached from the Napoleon exchange, to-wit: Paulding, Defiance, Wood, Van Wert, Williams, Auglaize, Allen, Ottawa, and Putnam, Ft. Wayne, and the score of Indiana towns. This will bring Napoleon in close touch with all Northwestern Ohio. Let us have a telephone exchange, and have it at once.
